Little by little, they come to know each other, realise - and accept - that they are different, and build up solidarity and friendship.

South Edited by Helen A. Luxembourg 2 guides. No amount of technology, computers, Internet, artificial intelligence, biotech, nanotechnology, or space technology is going to stop continuing racism, warfare, environmental destruction, and tribalism. Since space and time are unnaturally split apart at the individual points of space, the Heisenberg equations yield

indeterministic answers that merely represent likelihoods and possibilities in a point-absolute space and a point-absolute time rather than the relativistic and deterministic real extension space-time that is natural to our world.
